TAFT WELL RECEIVED

CIVIL GOVERNOR OF THE PHILIPPINES WELCOMED BACK TO MANILA.

CITY GAILY DECORATED

Twenty Thousand Natives From Adjoining Provinces Participated in the Demonstrations in His Honor. Parade of Vessels Occurs in the Bay—Governor Taft Makes an Interesting Reply to an Address of Welcome.

Manila, Aug. 23.—Civil Governor Taft reached here at daylight on board the United States gunboat General Alava from Singapore, Straits Settlement. He was welcomed with an enthusiastic popular demonstration.

The day had been made a holiday and the city was decorated. Eight large arches had been erected on the streets.

Twenty thousand natives from adjoining provinces participated in the demonstrations in honor of the governor's arrival. There was a parade of vessels in the bay and thirty decorated craft carrying members of the civil commission, military officers and the reception committee, met the General Alava down the bay and escorted Governor Taft to the entrance of the Pasig river. The governor was escorted by a large procession to the palace in the walled city, where a public reception was held.

Responding to an address of welcome, Governor Taft outlined the progress and the result of his negotiations at Rome in the matter of the Philippine friars, and said that all church questions were progressing toward a satisfactory settlement. The governor said the action taken by congress concerning the Philippine Islands showed that the American people honestly desired to help the Filipinos. The Americans were determined the islands should not be exploited by Americans at the expense of the Filipinos.

Governor Taft predicted that eventually the archipelago would have practically free trade and he congratulated the Filipino people upon the restoration of peace. He advised the Filipinos to till the soil and restore their country rather than waste time in useless political agitation. He promised personally to labor for the natives and asked for their confidence and support.

Governor Taft was given an ovation on the streets of the city during his progress to the palace and he received another ovation at his reception.

RELATIONS RE-ESTABLISHED.

Cause of Friction Between Turkey and the United States Removed.

Washington, Aug. 23.—The state department has received a dispatch from Minister Leishman at Constantinople saying that amicable relations have been re-established between the lega-

ARE STILL AT SEA.

White Squadron Has Not Yet Forced the New England Blockade.

Rockport, Mass., Aug. 23.—Commander Pillsbury and his fleet of three auxiliary cruisers are still at sea. Unless the commander of the White squadron makes an attempt to reach a harbor within the next sixty hours from midnight, his efforts to win a victory in the game of mimic war will fail, for theoretically it will be considered that his ships have sunk, or he has found that the blockade established by Admiral Higginson from Portland to Cape Cod cannot be broken. It is only fair to say that naval experts believe that Admiral Higginson's defense is good. Everything during the day certainly favored an attack by the enemy, but no scout of the Blue squadron reported signs of Commander Pillsbury's fleet. Fog and storm swept the coast during the afternoon and while for a time at night the sky was clear, the haze on the water continued. Admiral Higginson's three battleships are still at anchor off Thatchers Island and beside were two torpedo boats, but a nasty sea was running and the lighting occasionally lighted up the bay. At midnight the flagship's launches found difficult work in making landings and incoming crafts reported a wild sea outside. On the battleship the men are wide awake, as every one expects to get word of the enemy before daylight.

BOND-BLAINE CONVENTION.

Newfoundland Will Endeavor to Revive the Agreement.

St. Johns, N. F., Aug. 23.—The announcement that Sir Robert Bond, the colonial premier, would visit Washington to revive the Bond-Blaine convention has aroused great interest here. Official authorities say that the Canadian ministers at London offered most strenuous protests against Sir Robert being permitted to take this course, but the imperial government is said to have had no alternative but to agree to the proposal.

The convention was only disallowed in 1890 until Canada had tried to secure reciprocity. Canada failed to do this, and there was, therefore, no further warrant for hampering the effort of Newfoundland.

RELATIONS RE-ESTABLISHED.

FULFILLS THE PROPHECY.

Woman Distracted by Fakir's Prediction Takes Her Own Life.

Minneapolis, Aug. 23.—Religious differences between a betrothed pair, coupled with a fortune teller's prophecy, thrust the woman into a state of melancholy, which found its climax in suicide. Mrs. Jennie Falk ended her life with carbolic acid, fulfilling the prediction of a soothsayer, whom she had consulted only a week ago.

The unfortunate woman's former husband died two years ago, leaving two children—a boy of six and a girl of four years—to her care. Since his death Mrs. Falk met and loved and became betrothed to Frank A. Hesik, Jr., a city fireman.

AGAINST THE TRUSTS

TRANSMISSISSIPPI COMMERCIAL CONGRESS PLACES ITSELF ON RECORD.

BY A MARGIN OF ONE VOTE

Resolutions Condemning Combinations of Capital as a Menace to Republican Institutions and Calling Upon President Roosevelt to Enforce Laws Now in Existence Against Them Pass After a Warm Debate.

St. Paul, Aug. 23.—By a margin so close the chairman was compelled to count the uplifted hands in front of him, the Transmississippi congress at its closing session passed resolutions condemning the trust system as a menace to republican institutions, and calling upon President Roosevelt to enforce the laws now in existence against combinations of capital operating in restraint of trade.

The resolution was identical with the one introduced by Colonel Wetmore of St. Louis in the early days of the session, and which the committee on resolutions had pocketed. The committee's diplomatic action seemed to have settled the matter for all time, and it was with some surprise that the delegates, just before preparing to adjourn, heard it read.

Like the other, it came from a Missouri delegate, John A. Gardner, of St. Louis. Recognition for the measure was secured under a question of privilege, and the final vote through some fine adjudication of parliamentary law.

The resolution, while eventually given passage, did not get through without some sharp criticism from Judge Walter Gresham of Texas, Mrs. C. C. Tonnant Clary of Omaha, and E. R. Moses of Kansas. They contended that the congress was meddling in matters entirely beyond its province, and besides paving the way for future troublesome measures. They insisted that it be killed.

John E. Craig of Keokuk and John A. Gardner, the author of the resolution, insisted just as vehemently that it be put to a vote and given passage. They were aggressive and gave battle to every argument offered.

When the vote was finally reached the chairman was unable to determine the result, and had to request the delegates favoring it to stand. Twenty responded. A similar request to those opposed to the resolution found only nineteen standing.

The adoption of the resolution was practically the last act of the congress, for with its announcement and the passage of a vote of thanks to St. Paul, the call for adjournment came.

The congress will meet next year at Seattle.

MONT PELEE AGAIN ACTIVE.

Steamer Obliged to Change Her Course to Escape Volcanic Dust.

Castries, Island of St. Lucia, Aug. 23.—Officers of the steamer Dahome, which arrived here during the day, report a severe eruption of Mont Pelee on the island of Martinique, at noon of Thursday. The eruption was followed by total darkness five miles away from the volcano. It was twenty minutes before it again became light. The Dahome was obliged to change her course to escape the volcanic dust which fell heavily upon her deck.

THE BIG STORE

A Last Effort.

This week we commenced our final effort on what remains of the Summer Merchandise. Everything of a summer character must go if a PRICE will have any pushing power. We need the space they occupy, and we would rather have the money than the goods.

Boys' Clothing

still at COST this week; have included also our entire line of Mex's Pants, while they last, at COST.

Ladies' Millinery Goods at just 1/2 former PRICE.

LAWNS, DIMITIES and BATISTIES

Have placed them on our central counters, and attached some low prices, prices lower than you expected. Come and look them over.

Big Bargain

in Ladies' Shirt Waists. All are on counter and the prices will astonish you, for we mean what we advertise.

Do not Wait

Many articles quoted are only in small lots, and won't last long. Be on hand early if you want first selections.

WIRELESS TELEGRAPHY.

Office at White Point, Cal., Open for Commercial Business.

Denver, Aug. 23.—A dispatch received at the headquarters of the Pacific Wireless Telegraph company in this city announces that the office at White Point, Cal., is open for commercial business. The Pacific company's wireless system between Catalina island and White Point, thirty-six miles, is reported to be working perfectly, messages being sent as rapidly as over a wire.

MINNESOTANS BUY IN OREGON

Colonization Company Gets Sixty Thousand Acres of Land.

Portland, Ore., Aug. 23.—The Oregon Pacific Colonization company, a Minnesota corporation, has closed a deal for the purchase of 60,000 acres of land in Benton and Lincoln counties, this state. A portion of the land is to be stocked at once.

Shot Wife and Himself.

Marion, Ia., Aug. 23.—A double tragedy occurred here during the morning. C. W. Knose, who has been drinking a good deal, shot his wife, from whom he had been separated for some time, and then shot himself. His wound is in the head and will certainly prove fatal while that of the woman is dangerous but will probably not be fatal. A divorce case was pending.

Five Children Drowned by the Tide.

London, Aug. 23.—Five children who were playing on the sands at Fliley, were cut off by the inflowing tide and drowned before their mothers who were sitting on the beach, had noticed the danger which threatened them.

tion and the porte. The sultan has directed that a portion of the agreement reached between Minister Leishman and the secretary of foreign affairs be carried out. These agreements were annulled by the grand vizier. Minister Leishman has resumed negotiations with the secretary of foreign affairs upon subjects that had not been settled when the intercourse between the minister and the porte ceased.

ROOSEVELT IN HARTFORD.

President Enthusiastically Received on His New England Tour.

Hartford, Conn., Aug. 23.—President Roosevelt was welcomed in Hartford on his New England tour during the day by a great burst of enthusiasm. The president showed his pleasure at the reception he received and delivered a well received speech on important national relations. To President Roosevelt, the feature of the day was the presentation of a large floral piece by the workingmen of Hartford. Hartford was in gala dress to welcome the president, the weather was perfect and there was not a hitch to mark the proceedings.

QUIET IN VENEZUELA.

Minister Bowen Cables He Can Spare Two Warships.

Washington, Aug. 23.—The state department is in receipt of a cablegram from Minister Bowen, at Caracas, saying that he could spare two of the war vessels now in Venezuelan waters. This information is taken to mean that the situation in Venezuela has improved so far that little danger now threatens American interests.

New Town Started in Oklahoma.

Thomas City, Okla., Aug. 23.—The birth of the new town of Thomas City, Custer county, Okla., was attended by about 3,000 persons. Drawing for lots was begun during the day and over 200 lots were placed with the owners. Some of the lots which cost \$20 are now marked \$1,000 to \$1,500.

LAND WITHDRAWN FROM ENTRY.

Another Million Acres in the Great Falls (Mont.) District Set Aside.

Great Falls, Mont., Aug. 23.—An order has been received from Washington withdrawing another million acres of land in the Great Falls district from entry. The order is in line with the intention of the government to push forward the St. Mary's canal irrigation project as rapidly as possible. Three million acres have now been withdrawn and further withdrawals are expected within thirty days.

He promised personally to labor for the natives and asked for their confidence and support.

Governor Taft was given an ovation on the streets of the city during his progress to the palace and he received another ovation at his reception.

HOPES TO AVERT A CONFLICT.

General Chaffee Looking for a Peaceful Settlement in Mindanao.

Manila, Aug. 23.—General Chaffee has returned to Manila from his tour of the Southern Islands. He has not taken decisive action against the Moros of the island of Mindanao. He regards the situation there as uncertain, but not critical. General Chaffee still hopes that moral suasion may avert a conflict between Moros and Americans and he has directed Captain John J. Pershing of the Fifteenth Infantry, commander of the American column at Lake Lanao, Mindanao, to open communication with the sultan of Bacolod and ascertain the reason for the repeated attacks by Moros upon the American soldiers when the latter were not on the offensive. He will await a reply from the sultan before taking further steps in the matter.

At Ibagu General Chaffee conferred with a number of the Moro chiefs, including some from the Lake Lanao district. The conference was quite friendly and the leading chief agreed to visit Captain Pershing.

DOCUMENTS ARE READY.

Vatican Completes Collection of Data Regarding Friar Lands.

Rome, Aug. 23.—The Vatican authorities have completed the collection of documents referring to the Philippines question for the use of the apostolic delegate at Manila and it is conjectured that his appointment is imminent. A complete history of the negotiations on the subject of the friars' lands is given, including a summary of the voluminous report of Mgr. Chapelle, the former papal delegate in the Philippines, and the full text of the notes exchanged between Governor Taft and the Vatican.

These are supplemented by precise instructions regarding which secrecy is maintained, though Cardinal Rampolla, the papal secretary of state, expresses the hope that the instructions are so framed as to enable the delegate to fulfill the pope's promise to Governor Taft, namely, to reach a solution satisfactory to both parties.

Mr. and Mrs. J. T. Sanborn returned this morning from Mt. Clemens, Mich., where they have been recuperating for a week or two.

Secy. Jas. W. Flickwin has put in

Jas. R. Smith has gone to Minneapolis and will return Monday.

Losey & Dean have had the exterior of their store repainted and it presents quite an attractive appearance now.

Mr. and Mrs. G. D. Ball expect to leave soon for Seattle, Wash., where they will make their home in the future. Mr. Ball has accepted a position in the engineering department of the Northern Pacific. He had been with the Northern Pacific a long time previous to his connection with the M. & L.

MRS. HELEEN SABIN DEAD.

After a Two Months' Illness with Bright's Disease, a Prominent Resident Passes Away.

This morning at an early hour the life of Mrs. Heleen Sabin, wife of Adelbert Sabin, who lives at 916, Mill street in East Brainerd, passed from its earthly abode, the soul taking its flight to regions beyond. She had been a sufferer for a month or two from brights disease and for the past week or so death was daily expected to claim its own.

She leaves a husband and two children to mourn the loss, Mrs. Con Poppenberg and Albert Sabin a brakeman on the M. & L. The sympathy of the entire neighborhood is extended to the bereaved family.

The funeral will be held on Tuesday morning at 9 o'clock from St. Francis church.

Notice to W. R. C.

a new ping pong table in the Y. M. C. A. game room, which is greatly enjoyed by all members young and old.

H. P. Dunn will leave tonight for a two week's trip visiting relatives and friends in the southern part of the state. He will also attend the A. O. H. convention at Minneapolis next week.

Tom Moore and Mrs. Buckley, of Wadena, are in the city with the latter's son who will undergo an operation for appendicitis at the sanitarium.

Guy Bean and James Connolly, foreman of the N. P. tinshop, at Gladstone, Minn., arrived in the city this morning to visit Mr. Bean's parents over Sunday.

P. J. McGinnis, who has been visiting with his son, J. F. McGinnis in the city for some time, left this afternoon for West Superior where he will visit another son.

Commissioner Paine returned this morning from Owatonna where he went with four little children who were placed in the State Home for Dependent and Neglected Children.

R. J. Fenton, of Bemidji, is in the city visiting at the home of Mr. and Mrs. John Hughes in East Brainerd. Mr. Fenton was at one time a resident of this city and is well known here.

Rev. G. W. Gallagher will preach at the First Congregational church both morning and evening, and will also speak at the Y. M. C. A. meeting at 4 p. m., at which time all men are cordially invited to attend.

William Mowder, of Minneapolis, arrived in the city this afternoon for a visit with his sisters, Mrs. G. F. Mitchell and Mrs. C. W. Eastman. Mr. Mowder is an engineer on the Milwaukee road out of Minneapolis.

Miss May McCauley, one of the matrons of the Haskell Institute at Lawrence, Kansas, arrived in the city today to spend some time visiting old friends. She is stopping at present at the home of the Misses Della and Katie Paine.

The Rev. C. H. Blake, pastor M. E. church, Fairbanks, Ia., who is visiting with the Rev. J. Clulow, of this city, will preach in the M. E. church here tomorrow, both morning and evening. Mr. Blake is a talented young man and no doubt will interest the congregation.

OLD INDIANS STILL CLING TO HOMES

Council at Mille Lacs Lake Between Indians and Government Progressing.

A CRITICAL POINT REACHED.

Young Men are Inclined to Accept the Proposition of the Government Officials.

The critical moment in the Indian counsel came yesterday, when the assembly met outdoors, and the commissioners ascertained the result of the deliberation of the Indians on the previous afternoon.

Rumors were afloat in the camp while the Indians were holding their private council, and it was generally supposed that no agreement would be reached immediately.

When the red men met Special Inspector McLaughlin and Major Michallet they showed a disposition to prolong the council, and it was apparent there was a division of sentiment.

Many of the young men were inclined to the proposition, which would result, if accepted, in their removal to White Earth.

The older men, who have hunted and fished at Mille Lacs ever since they first began to use the bow and arrow, are loath to depart. They are inclined to remain.

One solution of the problem may be the removal of the younger men at once, and the older men, who naturally will follow, at a later date.

Eighty acres of land; a pair of oxen or horses; a wagon; a comfortable dwelling; a cook stove and such agricultural implements as are necessary to cultivate a farm, together with subsistence, until he himself can obtain enough from the farm to sustain himself and family, would be a good inducement to any white man in humble circumstances to take up his residence in a farming country where land today, at a conservative value is worth \$10 an acre.

These are the inducements in addition to the \$40,000 to be paid for improvements made by the Indians at Mille Lac that it is hoped will result soon in the transfer of every one of them from Mille Lac to White Earth.

HELD FOR ROBBERY IN FIRST DEGREE.

Mattie Winters Tells a Thrilling Tale in Police Court Regarding Recent Experiences.

TORE HER CLOTHES FOR MONEY.

Claimed That He Robbed the Woman of \$100 Near Cross Lake a Few Days Ago.

William Tift was in the police court this morning before Judge Blewitt, charged with robbery in the first degree, and he was held to the grand jury in bonds of \$1000. The harassing details of the crime as given by Mattie Winters, the complaining witness, which led up to Tift's arrest, are disgusting to say the least. She testified that Tift met her in the field and began to pound her into insensibility and when she would not give up what money she had he tore her clothing to pieces and extracted the \$100. In court this morning the witness produced bits of her clothing which were torn to shreds and among them were even pieces of her under clothing.

This all happened near Cross Lake where the Winter woman is holding down a claim. Tift was arrested and brought to Brainerd and the evidence against him was so conclusive that he waived further examination and was held to the grand jury. He did not put up the \$1000 bail and was sent to jail.

Shatters all Records.

LADIES WILL MEET MONDAY.

A Meeting Will be Held in the Arlington Parlors at 2:30 O'clock by Ladies of the City.

The ladies of the city who are interested in the organization of an auxiliary to the Crow Wing County Agricultural Association will meet on Monday afternoon in the parlors of the Arlington hotel at 2:30 o'clock.

It is requested that all who are interested, both in the city and country, be present Monday afternoon.

A PLACE OF BEAUTY.

The State Fair Grounds Becoming More Park-Like Each Year.

As beautiful and adequate as the Minnesota State Fair grounds have seemed in the past, they will be found much more so hereafter. In the growing trees and grass, Nature is constantly improving the aspect, but art is also employed to the same end. About a mile of broad, substantial stone walk has been built that will add immensely to the ease and comfort of getting about the grounds. Around the splendid new Hall of Agriculture the grounds have been graded and beautified with lawns, shrubs and flowers, and in several other respects improvements are made that will please the eye and contribute to the comfort of the body. The fair is to be held this year during the week of Sept. 1st to 6th.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by McFadden Drug Co. and H. P. Dunn & Co, Only 50 cents.

D. M. Clark & Co., carry a nice line of sectional Book Cases.

VISITING ELKS IN BRAINERD

Many Come From St. Cloud and Little Falls to Assist in the Celebration.

BALL GAME THIS AFTERNOON.

Social Session Tonight in Elk Hall Will be a Feature of the Day's Doings.

Brainerd people will remember with considerable pleasure two years ago today when Brainerd Lodge, B. P. O. E. No. 615, was given life and started out on the fraternal sea, under most auspicious circumstances.

The event of the organization of the lodge in this city was marked by many very interesting features, among which was the big parade. A large delegation of St. Cloud Elks were present and made the day a memorable one and the night even more so. Since that time Brainerd lodge has grown strong in number and in influence, and it is one of the most prosperous lodges in the state today.

The beautiful lodge rooms which is the home of the order in this city, is an exponent of the success attained here.

Today they celebrate the second anniversary and the event, while confined to the Elks themselves mostly, will be a great day. This afternoon the Elk ball teams from St. Cloud and Brainerd are playing on the local diamond and it will be a fierce battle. The game was called at 3:30 o'clock.

This evening there will be doings at the hall. A good program has been arranged for the event and it will be significant from many standpoints. There should be a big turnout of all the members of the order. Fitch's orchestra has been secured to furnish music tonight.

This afternoon the Brainerd Marine band was secured and they headed the two teams as they marched to the base ball grounds for the games.

BIENNIAL REPORT

Of Labor Commissioner O'Donnell is Completed and was Given to the Public Yesterday.

Labor Commissioner John O'Donnell, of St. Paul, yesterday completed the biennial report of his department for the coming session of the legislature. It is not only the most complete report ever issued in this state, but one of the most important and valuable documents ever issued by any labor department in the country. The original investigations which it contains are of such importance and interest that every labor commissioner in the country has written to the Minnesota bureau asking information as to the methods pursued. At the national convention of labor commissioners, in New Orleans, the commissioners of other states showed more interest in the work being done in Minnesota than in the work of any other state.

Mr. O'Donnell has broken away from the old-time routine reports, and taken up special lines of investigation regarding conditions of labor, wages, hours, etc., which are embodied in this report. The report is divided into natural sections, having separate reports for St. Paul, Minneapolis and Duluth, and for the country district. Commissioner O'Donnell has compiled very complete statistics regarding wages. Not believing in the system of finding "average wages" by establishments, he has taken up the various industries and the wage earners separately, showing, for instance, how many bakers in a certain city receive \$10 a week, how many receive \$12 a week, how many receive \$18 a week and so on through all industries.

Thus the report shows the actual wage conditions existing in every industry in the state. In general, the report shows that the wages paid in Minnesota to laborers in all industries are very good, being much higher than in most other states, especially higher than in most southern and eastern states, and much above the average wages for the entire country. One important division concerns the subject of the early closing of stores. The bureau asked information on the subject from every merchant in the Twin Cities, as well as in smaller cities, as to whether early closing reduced expenses, gave better general results, or whether it resulted in any loss of

trade or loss of any kind. The largest merchants reported enthusiastically in favor of early closing, declaring that not only did it mean a saving in fuel and light, but that they got better and more efficient service from employees when the employees did not have to work long hours, that it also helped the stores because it was endorsed by public sentiment. The general result of all the answers received was that better results are obtained where the hours are from ten to twelve than where they are sixteen and eighteen and over.

The report takes up also special investigations concerning night work and wages paid for such work; accidents to working people; domestic service, child labor, women wage earners and wages, union and non-union wages, factory inspection, and many sanitary conditions of workshops. The report is so classified as to be complete in every respect, showing at a glance the exact condition of every industry, regardless of any other industry.

MUSIC AND DRAMA.

"MCCARTHY'S MISHAPS".

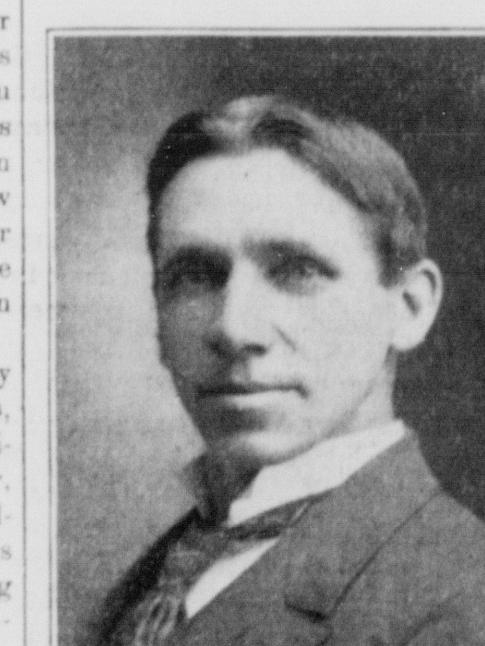

The offering at the Brainerd opera house last night, "McCarthy's Mishaps" drew one of the largest audiences that the house has ever had, and the big crowd seemed to be in its element with this little bit of musical comedy. There has not been much of this and they seemed to relish it with eagerness last night. The performance in many respects is very good, but some of the songs the teams sing and the gags they spring ought to be cut out. They are pretty chestnut. Miss Marguerite Ferguson is one of the blithest little personages on the stage today, and she delighted the audience very much with her dancing, the Ferguson and Mack and Carbon and Herbert teams were very good. Taken on the whole the performance was satisfying to the audience.

Nettleton makes farm loans and sells houses and lots on easy terms.

All Were Saved.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnson, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at McFadden's Drug Co., and H. P. Dunn & Co.

FOR MAYOR

As I have been urged by my friends to place myself in nomination as a candidate for mayor of the city of Brainerd at the November general election, 1902, I respectfully ask the people of the city of Brainerd for their friendly support.

Yours truly,

P. M. ZAKARIASEN.

Just Look at Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result, — all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at McFadden Drug Co., H. P. Dunn & Co.

New line of Refrigerators at D. M. Clark & Co's.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley street, Saugerties, N. Y.

THE
"NORTH COAST LIMITED"

of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission **May 4, 1902.**

This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.

The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.

New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unequalled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room. Free, others holding first-class tickets pay a small fee for the privilege.

This train carries the east-bound Yellowstone Park travel and the Park Pullman during the Park season, May 30 to September 15th.

Send six cents for "Wonderland 1902" to CHAS. S. FEE, General Passenger Agent, St. Paul, Minn.

FOR THE

HELD FOR ROBBERY IN FIRST DEGREE.

Mattie Winters Tells a Thrilling Tale in Police Court Regarding Recent Experiences.

TORE HER CLOTHES FOR MONEY.

Claimed That He Robbed the Woman of \$100 Near Cross Lake a Few Days Ago.

William Tift was in the police court this morning before Judge Blewitt, charged with robbery in the first degree, and he was held to the grand jury in bonds of \$1000. The harassing details of the crime as given by Mattie Winters, the complaining witness, which led up to Tift's arrest, are disgusting to say the least. She testified that Tift met her in the field and began to pound her into insensibility and when she would not give up what money she had he tore her clothing to pieces and extracted the \$100. In court this morning the witness produced bits of her clothing which were torn to shreds and among them were even pieces of her under clothing.

This all happened near Cross Lake where the Winter woman is holding down a claim. Tift was arrested and brought to Brainerd and the evidence against him was so conclusive that he waived further examination and was held to the grand jury. He did not put up the \$1000 bail and was sent to jail.

Shatters all Records.

Twice in the hospital, F. A. Gull-edge, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 20 tumors. When all failed, Bucklen's Arnica Salve soon cured him. LADIES WILL MEET MONDAY.

A Meeting Will be Held in the Arlington Parlors at 2:30 O'clock by Ladies of the City.

The ladies of the city who are interested in the organization of an auxiliary to the Crow Wing County Agricultural Association will meet on Monday afternoon in the parlors of the Arlington hotel at 2:30 o'clock. It is requested that all who are interested, both in the city and country, be present Monday afternoon.

A PLACE OF BEAUTY.

The State Fair Grounds Becoming More Park-Like Each Year.

As beautiful and adequate as the Minnesota State Fair grounds have seemed in the past, they will be found much more so hereafter. In the growing trees and grass, Nature is constantly improving the aspect, but art is also employed to the same end. About a mile of broad, substantial stone walk has been built that will add immensely to the ease and comfort of getting about the grounds. Around the splendid new Hall of Agriculture the grounds have been graded and beautified with lawns, shrubs and flowers, and in several other respects improvements are made that will please the eye and contribute to the comfort of the body. The fair is to be held this year during the week of Sept. 1st to 6th.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by McFadden Drug Co. and H. P. Dunn & Co. Only 50 cents.

D. M. Clark & Co., carry a nice line of sectional Book Cases.

VISITING ELKS

IN BRAINERD

Many Come From St. Cloud and Little Falls to Assist in the Celebration.

BALL GAME THIS AFTERNOON.

Social Session Tonight in Elk Hall

Will be a Feature of the Day's Doings.

Brainerd people will remember with considerable pleasure two years ago today when Brainerd Lodge, B. P. O. E. No. 615, was given life and started out on the fraternal sea, under most auspicious circumstances.

The event of the organization of the lodge in this city was marked by many very interesting features, among which was the big parade. A large delegation of St. Cloud Elks were present and made the day a memorable one and the night even more so. Since that time Brainerd Lodge has grown strong in number and in influence, and it is one of the most prosperous lodges in the state today. The beautiful lodge rooms which is the home of the order in this city, is an exponent of the success attained here.

Today they celebrate the second anniversary and the event, while confined to the Elks themselves mostly, will be a great day. This afternoon the Elk ball teams from St. Cloud and Brainerd are playing on the local diamond and it will be a fierce battle. The game was called at 3:30 o'clock.

This evening there will be doings at the hall. A good program has been arranged for the event and it will be significant from many standpoints. There should be a big turnout of all the members of the order. Fitch's orchestra has been secured to furnish music tonight.

This afternoon the Brainerd Marine band was secured and they headed the two teams as they marched to the base ball grounds for the games.

BIENNIAL REPORT

Of Labor Commissioner O'Donnell is Completed and was Given to the Public Yesterday.

Labor Commissioner John O'Donnell, of St. Paul, yesterday completed the biennial report of his department for the coming session of the legislature. It is not only the most complete report ever issued in this state, but one of the most important and valuable documents ever issued by any labor department in the country. The original investigations which it contains are of such importance and interest that every labor commissioner in the country has written to the Minnesota bureau asking information as to the methods pursued. At the national convention of labor commissioners, in New Orleans, the commissioners of other states showed more interest in the work being done in Minnesota than in the work of any other state.

Mr. O'Donnell has broken away from the old-time routine reports, and taken up special lines of investigation regarding conditions of labor, wages, hours, etc., which are embodied in this report. The report is divided into natural sections, having separate reports for St. Paul, Minneapolis and Duluth, and for the country district. Commissioner O'Donnell has compiled very complete statistics regarding wages. Not believing in the system of finding "average wages" by establishments, he has taken up the various industries and the wage earners separately, showing, for instance, how many bakers in a certain city receive \$10 a week, how many receive \$12 a week, how many receive \$18 a week and so on through all industries.

Thus the report shows the actual wage conditions existing in every industry in the state. In general, the report shows that the wages paid in Minnesota to laborers in all industries are very good, being much higher than in most other states, especially higher than in most southern and eastern states, and much above the average wages for the entire country. One important division concerns the subject of the early closing of stores. The bureau asked information on the subject from every merchant in the Twin Cities, as well as in smaller cities, as to whether early closing reduced expenses, gave better general results, or whether it resulted in any loss of

trade or loss of any kind. The largest merchants reported enthusiastically in favor of early closing, declaring that not only did it mean a saving in fuel and light, but that they got better and more efficient service from employees when the employees did not have to work long hours, that it also helped the stores because it was endorsed by public sentiment. The general result of all the answers received was that better results are obtained where the hours are from ten to twelve than where they are sixteen and eighteen and over.

The report taken up also special investigations concerning night work and wages paid for such work; accidents to working people; domestic service, child labor, women wage earners and wages, union and non-union wages, factory inspection, and many sanitary conditions of workshops. The report is so classified as to be complete in every respect, showing at a glance the exact condition of every industry, regardless of any other industry.

MUSIC AND DRAMA.

"MCCARTHY'S MISCHAPS".

The offering at the Brainerd opera house last night, "McCarthy's Mischaps" drew one of the largest audiences that the house has ever had, and the big crowd seemed to be in its element with this little bit of musical comedy. There has not been much of this and they seemed to relish it with eagerness last night. The performance in many respects is very good, but some of the songs the teams sing and the gags they spring ought to be cut out. They are pretty chestnut. Miss Marguerite Ferguson is one of the blithest little personages on the stage today, and she delighted the audience very much with her dancing, the Ferguson and Mack and Carbon and Herbert teams were very good. Taken on the whole the performance was satisfying to the audience.

Nettleton makes farm loans and sells houses and lots on easy terms.

CABLE CAR CROWDED WITH PASSENGERS MAKES A WILD TRIP AT KANSAS CITY.

CRASHES INTO A TRAIN

Gripman Killed and Over a Score of Passengers Injured—Car on the Runaway Train and the Rear Coach of the Other at the Bottom of the Hill Reduced to a Mass of Twisted Iron and Splinters.

Kansas City, Aug. 23.—A cable car crowded with passengers got away from the gripman at the top of the Ninth street incline at the union station here and, dashing to the bottom at a terrific speed, crashed into a train that was stalled there. The passengers were hurled in every direction and the grip car on the runaway train and the rear coach of the other train were reduced to a mass of twisted iron and splinters.

W. B. Taylor, the gripman on the first train, was killed instantly and at least twenty persons were injured.

The incline, which has been the scene of several fatal accidents, is a treacherous work 300 yards in length and descends at an angle of 45 deg. to an elevated platform where the cars switch to return.

A grip car and one coach at the bottom of the incline were being switched to the opposite track preparatory to the climb back toward town.

Before this could be accomplished dozens of persons crowded into the train. In another minute a train appeared at the top of the hill loaded with passengers. The gripman had lost control of his car and in another instant the passengers were being hurled down the steep incline. A panic ensued both on the descending car and among the crowd below. On the platform in the scramble to escape many were trampled upon and several persons fainted, while a score of passengers on the runaway train jumped from the sides of the cars, rolling over and over on the trestle work. The train struck the switching cars with a terrific crash, rending the waiting train into a mass of debris. Gripman Taylor was found dead, buried under the wreckage, while two dozen persons sprawled about. Half of the injured were only stunned or bruised.

FOUND HANGING IN A BARN.

Murderer of a Kentucky Girl Takes His Own Life.

Russellsburg, Ky., Aug. 23.—Hugh Marshall, the man who was accused of murdering Miss Zoda Vick near here last Wednesday, was found hanging in a barn about one mile from the scene of the crime. Decomposition had set in on the body and he had evidently been hanging for a day or so. It is not definitely known whether he hanged himself, or was hanged by a mob, but it is thought by most persons that he killed himself. He was found by a Mr. W. C. Blynn in his barn near the scene of the murder. Much excitement has subsided and people seem satisfied.

ARRESTED FOR LARCENY.

Two Pierre Men Charged With Collusion Against Employers.

Pierre, S. D., Aug. 23.—A sensation was sprung in this city by the arrest of George W. Carter and J. D. Adams on a charge of larceny of blanks and records from the State Publishing company of this city. Carter was one of the members of the old Carter Bros. Publishing company, and has been selling blanks on commission. Adams, who comes from St. Paul, was ruler for the company, and it is claimed, they acted in collusion. Carter taking orders for blanks and records, which were filled by Adams from the stock of the State Publishing company.

PETER POWER RELEASED.

Plaintiff in Anti-Merger Suit Out of Jail.

New York, Aug. 23.—Peter Power, who was named as complainant in the suit to prevent the turning over of Northern Pacific stock to the Northern Securities company and who was sentenced to thirty days' imprisonment for contempt of court in failing to obey a subpoena to testify, was released from Ludlow street jail during the day. Power gave evidence Thursday before Special Examiner Mable and his lawyer pleaded that that should relieve him of the charge of contempt.

Conference of Young Women.

William Bay, Wis., Aug. 23.—The eleventh Western conference for young women opened on the Y. M. C. A. camp at Lake Geneva with an attendance of 550, the delegates covering the territory from Ohio to Colorado. This is one of a series of four conferences held by the American committee here and at Capitol, Cal., Asheville, N. C., and Silver Bay, Lake George, N. Y., and is led by Miss Elizabeth Wilson and Miss Effie Kelly Price of Chicago.

Stocks Nearly Depleted.

Chicago, Aug. 23.—Anthracite coal advanced to \$9 a ton here during the day. This is a jump of \$1 a ton since Wednesday. Coal stocks are so nearly depleted that even at this rate the gradually increasing demand can not be met. Fear of a failure to settle the coal strike at an early date is the cause.

Girl Cheroot Makers Strike.

Richmond, Va., Aug. 23.—About 1,500 girl cheroot makers at the Whitlock branch of the American Cigar company, went on strike during the day, the complaint being that too large a portion of the cheroots were thrown out as bad.

LIFE SLOWLY CRUSHED OUT.

Workman Killed in an Elevator Accident at St. Paul.

St. Paul, Aug. 23.—Another victim was added to the long list of elevator fatalities when Albert Zurawski of 786 Minnehaha street had his life crushed out by the freight elevator in the Globe building, Fourth and Cedar streets.

Zurawski, who was a mason tender, was caught between the lift and the fifth floor, while carrying mortar in the elevator.

The accident occurred shortly after 2 o'clock. Engineer Stiebel, who was at work on the ninth floor of the building, heard a cry from the freight elevator shaft. He opened the door leading into the enclosure and looking down discovered Zurawski pinned between the top of the elevator and the floor.

The man's head and chest projected over the top of the lift, while feet and body hung out towards the floor. The elevator was blocked, but was gradually crushing out Zurawski's life. Stiebel realized the situation at a glance. He at once pulled on the rope which controlled the elevator, letting it drop several feet. As he did so, the body fell from the shaft to the floor.

An examination showed that his ribs were crushed upon his lungs and that he had sustained a fracture of the skull near the forehead on the left side of the head.

VICTIMS OF THE MATTERHORN.

Two Londoners and a Couple of Guides Killed.

Grindelwald, Switzerland, Aug. 23.—The bodies of two Londoners named Fearon and two guides, who started Aug. 19 to ascend the Matterhorn and who did not return, have been found by a searching party near the summit of the mountains. Two of the party were apparently killed by lightning and two met their deaths by falls.

Chicago Wants a Duluth Minister.

Chicago, Aug. 23.—A call has been extended to Rev. Alexander C. Manson of Duluth by the congregation of the Eleventh Presbyterian church, and it is said that he will accept.

TELEGRAPHIC BREVITIES.

W. T. Davis of Hamburg has been nominated for congress by the Democrats of the Eighth (Iowa) congressional district.

The Berlin Staakburger Zeitung says General Von Gossler, Prussian minister of war, has resigned his position. He was appointed Aug. 14, 1896.

President John Skelton Williams of the Seaboard Air Line denies that his road will enter into a merger with other Southern roads under the control of J. Pierpont Morgan.

For Premium List or other information, address Secretary, Hamline.

E. W. RANDALL, Secretary.

C. N. COSGROVE, President.

RAN DOWN AN INCLINE

CABLE CAR CROWDED WITH PASSENGERS MAKES A WILD TRIP AT KANSAS CITY.

CRASHES INTO A TRAIN

Gripman Killed and Over a Score of Passengers Injured—Car on the Runaway Train and the Rear Coach of the Other at the Bottom of the Hill Reduced to a Mass of Twisted Iron and Splinters.

Kansas City, Aug. 23.—A cable car crowded with passengers got away from the gripman at the top of the Ninth street incline at the union station here and, dashing to the bottom at a terrific speed, crashed into a train that was stalled there. The passengers were hurled in every direction and the grip car on the runaway train and the rear coach of the other train were reduced to a mass of twisted iron and splinters.

W. B. Taylor, the gripman on the first train, was killed instantly and at least twenty persons were injured.

The incline, which has been the scene of several fatal accidents, is a treacherous work 300 yards in length and descends at an angle of 45 deg. to an elevated platform where the cars switch to return.

A grip car and one coach at the bottom of the incline were being switched to the opposite track preparatory to the climb back toward town.

Before this could be accomplished dozens of persons crowded into the train. In another minute a train appeared at the top of the hill loaded with passengers. The gripman had lost control of his car and in another instant the passengers were being hurled down the steep incline. A panic ensued both on the descending car and among the crowd below. On the platform in the scramble to escape many were trampled upon and several persons fainted, while a score of passengers on the runaway train jumped from the sides of the cars, rolling over and over on the trestle work. The train struck the switching cars with a terrific crash, rendering the waiting train into a mass of debris. Gripman Taylor was found dead, buried under the wreckage, while two dozen persons sprawled about. Half of the injured were only stunned or bruised.

FOUND HANGING IN A BARN.

Murderer of a Kentucky Girl Takes His Own Life.

Russellsburg, Ky., Aug. 23.—Hugh Marshall, the man who was accused of murdering Miss Zoda Vick near here last Wednesday, was found hanging in a barn about one mile from the scene of the crime. Decomposition had set in on the body and he had evidently been hanging for a day or so. It is not definitely known whether he hanged himself, or was hanged by a mob, but it is thought by most persons that he killed himself. He was found by a Mr. W. C. Bilyen in his barn near the scene of the murder. Much excitement has subsided and people seem satisfied.

ARRESTED FOR LARCENY.

Two Pierre Men Charged With Collusion Against Employers.

Pierre, S. D., Aug. 23.—A sensation was sprung in this city by the arrest of George W. Carter and J. D. Adams, on a charge of larceny of blanks and records from the State Publishing company of this city. Carter was one of the members of the old Carter Bros. Publishing company, and has been selling blanks on commission. Adams, who comes from St. Paul, was ruler for the company, and, it is claimed, they acted in collusion, Carter taking orders for blanks and records, which were filled by Adams from the stock of the State Publishing company.

PETER POWER RELEASED.

Plaintiff in Anti-Merger Suit Out of Jail.

New York, Aug. 23.—Peter Power, who was named as complainant in the suit to prevent the turning over of Northern Pacific stock to the Northern Securities company and who was sentenced to thirty days' imprisonment for contempt of court in failing to obey a subpoenae to testify, was released from Ludlow street jail during the day. Power gave evidence Thursday before Special Examiner Mable and his lawyer pleaded that that should relieve him of the charge of contempt.

CONFERENCE OF YOUNG WOMEN.

William Bay, Wis., Aug. 23.—The eleventh Western conference for young women opened on the Y. M. C. A. camp at Lake Geneva with an attendance of 550, the delegates covering the territory from Ohio to Colorado. This is one of a series of four conferences held by the American committee here and at Capitola, Calif., Asheville, N. C., and Silver Bay, Lake George, N. Y., and is led by Miss Elizabeth Wilson and Miss Effie Kelly Price of Chicago.

STOCKS NEARLY DEPLETED.

Chicago, Aug. 23.—Anthracite coal advanced to \$9 a ton here during the day. This is a jump of \$1 a ton since Wednesday. Coal stocks are so nearly depleted that even at this rate the gradually increasing demand can not be met. Fear of a failure to settle the coal strike at an early date is the cause.

CHICAGO CIGAR MAKERS STRIKE.

Richmond, Va., Aug. 23.—About 1,500 cigar makers at the Whitlock branch of the American Cigar company, went on strike during the day, the complaint being that too large a portion of the cheroots were thrown out as bad.

LIFE SLOWLY CRUSHED OUT.
Workman Killed in an Elevator Accident at St. Paul.

St. Paul, Aug. 23.—Another victim was added to the long list of elevator fatalities when Albert Zurawski of 786 Minnehaha street had his life crushed out by the freight elevator in the Globe building, Fourth and Cedar streets.

Zurawski, who was a mason tender, was caught between the lift and the fifth floor, while carrying mortar in the elevator.

The accident occurred shortly after 2 o'clock. Engineer Stiebel, who was at work on the ninth floor of the building, heard a cry from the freight elevator shaft. He opened the door leading into the enclosure and looking down discovered Zurawski pinned between the top of the elevator and the fifth floor.

The man's head and chest projected out over the top of the lift, while feet and body hung out towards the floor. The elevator was blocked, but was gradually crushing out Zurawski's life. Stiebel realized the situation at a glance. He at once pulled on the rope which controlled the elevator, letting it drop several feet. As he did so, the body fell from the shaft to the floor.

An examination showed that his ribs were crushed upon his lungs and that he had sustained a fracture of the skull near the forehead on the left side of the head.

VICTIMS OF THE MATTERHORN.

Two Londoners and a Couple of Guides Killed.

Grindwald, Switzerland, Aug. 23.—The bodies of two Londoners named Fearon and two guides, who started Aug. 19 to ascend the Matterhorn and who did not return, have been found by a searching party near the summit of the mountains. Two of the party were apparently killed by lightning and two met their deaths by falls.

CHICAGO WANTS A DULUTH MINISTER.

Chicago, Aug. 23.—A call has been extended to Rev. Alexander C. Manson of Duluth by the congregation of the Eleventh Presbyterian church, and it is said that he will accept.

TELEGRAPHIC BREVITIES.

W. T. Davis of Hamburg has been nominated for congress by the Democrats of the Eighth (Iowa) congressional district.

The Berlin Staakburger Zeitung says General Von Gossler, Prussian minister of war, has resigned his position. He was appointed Aug. 14, 1896.

President John Skelton Williams of the Seaboard Air Line denies that his road will enter into a merger with other Southern roads under the control of J. Pierpont Morgan.
